Lorinda Sinclair

Cell: 082 875 8340

or e-mail Lorinda.Sinclair@merckgroup.com

Professor Cecilia Sjöblom: “At the Asia pacific meeting (ASPIRE) I gave a talk entitled How to select the best culture medium. It has been VERY well received – so much that I have been asked by two separate conferences to repeat the exact same talk and our national association emailed yesterday asking if I could share it as education as they had had so many clinics contacting them wanting more information. It was good for both doctors and embryologists.”
